Dear Charlie:

This is to let you know that Task I at [] has been taken care of.

I talked to [] and he told me that since [] was asking for more money we would have to have a formal proposal from them covering the expanded scope of the work. So, I called [] and he informed me that there's no hurry about allocating additional funds. [] is covered by the original amount of money and the time of the contract has been extended to April 30th of next year.

This means that we should get a proposal from them next February, or March at the latest, covering the additional work; and the time of the contract can then be extended to whatever date is necessary. [] seemed to feel that right now the extended scope is rather loosely defined and that things will be in a firmer position in a couple of months.

I plan on being in [] for some of the AAAS meetings, but I guess you'll be out making your appointed rounds at that time. If you have time, when you're in Washington, call me--we'd be very happy to have you out for dinner.
